

Sacramento County Breeding Bird Atlas 2.0

In the late 1980s and early 1990s Tim Manolis organized a Sacramento County Breeding Bird Atlas (BBA). We have all the (unpublished) data from that effort.

We decided that it would be great to begin a NEW Sacramento BBA to document how breeding bird distributions have changed in recent decades.

The new twist: eBird gives us the opportunity to invite anyone who birds the county (whether a little or a lot) to contribute data to this effort. Just note any breeding behaviors on your eBird lists (a full list of the codes is found under the 'details' tab on both online eBird and the mobile app).

In addition, check out the new web page on the CV Bird Club site (<http://www.cvbirds.org/birding-resources/sacramento-county-breeding-bird-atlas/>) to learn more about the use of these breeding codes (download the pdf). And, stay up-to-date as we make progress.
